

# NOTABLE WINE LIST

2009 – 2010

## 'A Nation Distilled'

The Best of British Spirits and Beers

All of these wonderful drinks represent the finest our Master Distillers have to offer. They encompass both the ancient and the modern in their production methods and styles. From the award winning Grey Goose vodka to the historic Johnny Walker Gold Label, the United Kingdom remains a leader in these artisan treats. What follows is an introduction, for our full list please ask a member of staff

## VODKA

### CHASE

Tyrrell's vodka is made in Hereford using the potatoes that are too big to be used for crisps and are traditional varieties produced in small quantities. The vodka is distilled in small batches using original artisan methods in a traditional copper still to make a smooth, creamy tasting vodka.

## GIN

### TANQUERAY TEN (47.3%)

The only Gin in the world to distil with whole handpicked fresh fruit botanicals. Bright citrus flavours of grapefruit, orange and lime with a delicate juniper and camomile influence. At it's best in our Perfect Ten martini with a pink grapefruit twist.

### BEEFEATER (40%)

Created by James Burrough, a London pharmacist in 1863. Still produced to this day in Oval. Mellow Juniper with lemon, orange and a hint of violet. We'd suggest a traditional dry martini with orange bitters and zest .

### HENDRICK'S (41.4%)

Not a London dry gin as juniper is not the predominant flavouring. Quirky and individual in nature, it is produced in Ayrshire in Scotland. Very individual in style, cucumber, rose petals and lychee. Turkish delight meets Borough Market. Delicious in a cucumber martini or with tonic and cucumber zest

## WHISKY

### ROAST RARE CAPERDONICH 26yr (56.8%)

Non chilled filtered, speyside single malt. Matured in a Bourbon Cask, which gives it a sweet finish. Just 122 bottles produced and has a taste of tropical fruit, oranges, lemons and a clean mint aftertaste.

### CAOL ILA 18yr (43%)

One of the many stars from the windswept island of Islay. A powerful malt with a big mouth feel and a lovely long smokiness.

### AUCHENTOSHAN 10yr (40%)

A classic example of a lowland malt. Clean, medium bodied with a soft and slightly sweet finish.

### MACALLAN 18yr (43%)

Matured in Speyside in Spanish oak sherry casks, this malt is deliciously smooth with a slight sweetness and a touch of sherry and wood.

## BEER

Black Sheep Ale 500ml; (4.4%) £5.00  
Samuel Smith's Pure Brewed Lager (5%) £5.00

## SPARKLING WINES

You are in a supermarket looking at bottle of wine and trying to decide which one to buy. You have recently heard that there are vineyards in Britain and you think that today, rather than buying a bottle of French or Australian wine, as you usually do you will give your home country's produce a go.

There are nearly 400 commercial vineyards in England and Wales covering approximately 2000 acres of land in total. Nearly all are in the southern half of England and Wales. The most planted varieties of vine, mainly German in origin, have tended to produce wines which have both clear and distinctive characteristics but also a broad style.

### Ridgeview Merret Bloomsbury 2006

42.00

Bloomsbury 2003 has taken its third medal in France after being awarded a Silver in the 2005 competition for Sparkling Wines of the World.

### Chapel Down Pinot Reserve 2004

46.00

Blend of Pinot Noir and Pinot Blanc

International Wine Challenge 2007 Silver Medal Winner

This Sparkling wine is made according to the traditional method.

Pale lemon gold in colour with green highlights. The acidity is clean, citrusy and delicate. The palate has hints of lemon drizzle cake and a still youthful exuberance. Drinking beautifully now and for the next few years.

### Ridgeview Merret Fitzrovia Rosé 2007

60.00

79% Chardonnay, 13% Pinot Noir, 8% Pinot Meunier. Dominant Chardonnay gives finesse yet yielding wonderful summer fruit aromas. Peach, melon and honey tones.

### Nyetimber Classic Cuvee 2003

70.00

Brilliant gold with a fine-beaded mousse, on the nose it shows aromas of mandarins and vanilla with notes of lemon zest, shortbread and light apricot underneath. A very fruit-driven cuvée, with yeasty and biscuity notes playing the supporting role. Fresh and pure yet complex, on the palate it has a bright and cheery start, compact and concentrated in fruit flavours of pink grapefruit, melon and apricots, and lovely minerality. All three varieties are in evidence, but with Chardonnay to the fore at the moment.

## STILL WINES

### Chapel Down Bacchus Reserve, Tenterden 2007

33.00

Created exclusively for Roast by Chapel Down

A top class dry Bacchus. An intense nose, green herbs-rosemary, mint. The palate is concentrated and complex, crisp lime acidity, spicy apple, sherbet and rose petal which merge beautifully for a lingering, very long finish.

Made in a crisp, dry style that will appeal to those who like Sauvignon Blanc.

Genuinely mouth-watering, this is highly refreshing and has finesse rarely found in English wines.

### Rondo Regent Pinot Noir NV

33.00

Dark plum red in colour with a complex bouquet of black cherry, blueberry and a mint lift. The wine is un-oaked and has cherry and stone fruit on the palate. The finish is long and is aided by fresh acidity and rounded fruit tannins. Fine purple tints to the colour which naturally lead on to vivid aromas of violets and black fruits. Light on the palate with a mouth-watering coolness and underlying peppery character. Highly refreshing for a red, it would be lovely served with poultry which would bring out the full flavour.

### Rose

### Chapel Down English Rose 2008

28.00

Blend of Schonburger (pink grape), Rondo, Regent, Dornfelder and Pinot Noir

This excellent rosé shows pure strawberry aromas on the nose.

and the palate follows through with juicy, fruity notes of strawberry and red fruits. A very

A very refreshing wine with a cleansing finish and a tad of minerality

## Try a taste of something very special

### Chapel Down Bacchus Reserve, Tenterden 2007

33.00

#### Created Exclusively for Roast by Chapel Down

The beautiful home of England's leading premium wine producer, Chapel Down, is situated in the Garden of England near the pretty Wealden Town of Tenterden in Kent.

They believe that good winemaking starts in the vineyard. Only the very best fruit will be selected to go into Chapel Down wines. The range and variety of grapes

(from Bacchus to Pinot Noir) grown on the chalk downs or Essex clays, produce unique and exiting wines that you won't taste anywhere else.

Sharing many values, such as true provenance and local sourcing, Chapel Down and Roast have worked together to produce an exclusive blend of Bacchus grapes. Made in a crisp, dry style that will appeal to those who like Sauvignon Blanc, it is vibrantly aromatic with notes of elderflower and gooseberry. On the palate, citrus fruits combine with refreshing acidity leading to a wonderfully clean finish.

Genuinely mouth-watering, this is highly refreshing and has finesse rarely found in English wines.

With its tradition of using the finest of the country's seasonal produce, the restaurant has been created dedicated to the best of British cooking. This wine makes a perfect accompaniment to pork belly and will work equally well with chicken and shellfish.

Rose of Virginia 2008, Charles Melton, Barossa Valley, Australia	41.00

## ORGANIC AND BIODYNAMIC

### What is Biodynamic?

Key to biodynamics is considering the farm in its entirety as a living system. To this end, biodynamic farms are supposed to be closed, self-sustaining systems. Biodynamics also sees the farm in the context of the wider pattern of lunar and cosmic rhythms. In this holistic view, the soil is seen not simply as a substrate for plant growth, but as an organism in its own right. The idea of using synthetic fertilizers or pesticides is thus an anathema to biodynamic practitioners. Instead, they use a series of special preparations to enhance the life of the soil, which are applied at appropriate times in keeping with the rhythms of nature. And disease is seen not as a problem to be tackled head-on, but rather as a symptom of a deeper malaise within the farm 'organism': correct the problem in the system and the disease will right itself.

Biodynamics is in effect a supercharged system of organic farming. Where biodynamics differs significantly in practice from organics is in the use of special preparations and the timing of their application—in other ways the techniques employed are quite similar.

When talking to various biodynamic winegrowers from around the world, one thing has become clear. While they tend to agree on the big details, each has their developed biodynamics to suit their own particular situation. Winegrowers drawn to this philosophy tend to be inventive types, always experimenting and refining their practices to see what works best. As a result, there are many different flavours and variations around this common theme, and it's hard to define biodynamic agriculture in any sort of rigid way.

### WHITE WINES

Chardonnay "Les Grands Arbres" 2007, Vin de Pays d'Oc, France <b>(organic)</b>	25.00
